

The Bronte Economic Development Corporation 4B held a public hearing on Tuesday, June 16, 2015, at 5:00 p.m. in the Bronte City Hall at 114 S. Washington, Bronte, Texas. The purpose of the public hearing was to receive public comments concerning the Corporation use of Economic Development funds for the construction of a wheelchair accessible pier and dock at Lake Knierem. President Gerald Sandusky presided over the meeting.

Board members present included President Sandusky, Martin Lee, Martha Ratliff, and Lee Wommack. Paul Knight and Quinda Duncan were absent. Clerk Fran Sonnenberg and Tammy Thorn were also present. No visitors were present.

The Bronte Economic Development Corporation 4B held a special meeting beginning at 5:08 p.m. following the public hearing. President Gerald Sandusky presided over the meeting.

Martin Lee moved the Corporation approve construction of the structure for \$15,100 and Lee Wommack be given authority to approve the contractor's draw requests for funds and to over-see the construction. Martha Ratliff seconded the motion. Motion carried unanimously. A copy of the bid is attached.

Lee Wommack moved that the meeting adjourn. Martin Lee seconded the motion. Motion carried unanimously.

## BID PROPOSAL FOR

---

*Bronte Economic & Development Corporation*

## PROJECT OBJECTIVE:

---

Denton Welding & Construction will provide labor and materials to build a fishing pier for the aforementioned client.

**Start Date:** June 22, 2015

**Completion Date:** July 27, 2015

## PROJECT SPECIFICATIONS

---

|                         |   |
|-------------------------|---|
| Length of fishing pier: | 4ft x 50ft                                    |
| End of fishing pier:    | 8ft x 12ft                                    |
| Material:               | 8in galvanized purlin                         |
| Rails:                  | Angle Iron with 4in x 4in x 1/4in welded wire |
| Paint:                  | All painted with epoxy paint                  |
| Concrete:               | 24in retaining wall with 4ft sidewalk         |

## ESTIMATED COST

---

The construction cost for the deck of the fishing pier is estimated to be \$8,900. The construction cost for the concrete is estimated to be \$6,200. The total cost for the complete construction of the fishing pier is estimated to be \$15,100. Payment terms include the client to make an up front payment of \$9,000, followed by the remaining balance of \$6,100 when construction has been completed. Any changes made during the construction of the fishing pier will be extra, and added to the cost of the original estimate.
